Introduction to Nochex

About Nochex

Nochex is a UK based, independently-owned provider of secure online payment solutions. Established in 1999, the company's payment system is now installed on thousands of websites and integrated into a significant number of software packages.

Nochex' account holders can accept e-money online payments without the need for an expensive internet merchant bank account or payment gateway. By replacing two costly services with an all-in-one e-Money account, backed up by friendly and responsive customer services, Nochex' customers can put all their efforts into building their online businesses.

The Nochex system allows account holders to accept the following credit and debit cards:
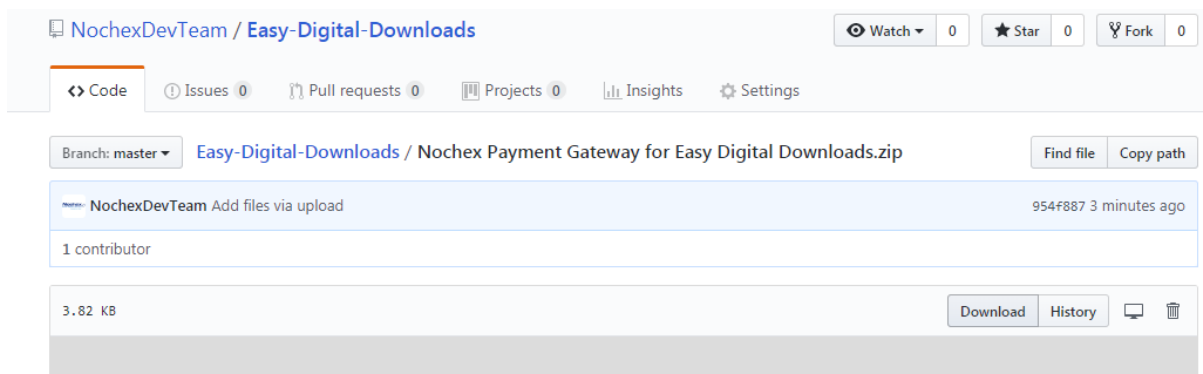

Setting up Nochex as a Payment Option

- With the Nochex payments module installed you can not only accept credit card payments but also Nochex members can pay using their Nochex account.

- Customers don't even need a Nochex account to make payments through Nochex making it quick and easy for customers to make payments.

- Nochex uses anti-fraud protection like 3D Secure – the leading "Internet Authentication Protocol" designed by Visa and MasterCard, to ensure your customers can make payments in confidence.

- Emails are sent directly from Nochex giving payment confirmation both to the customer and the seller.

The installation instructions below explain how to setup Nochex as a payment option in Easy Digital Downloads.
